**ADDITIONAL INFORMATION** – Description of town and surrounding area, expected climate, circle history etc.

Bucharest is a welcoming, wonderful city. Dating back from the Middle Ages, it is a place filled with history and culture, where traditions intertwined with new and modern architecture. As capital of Romania, Bucharest vibrates with life, prosperous economy and a abundance of cultural events. It is situated at the crossroads of ancient trading routes, at approximately equal distances from the Carpathians and the Black Sea and it can be best defined as the heart of the country.

The climate is temperate; however, the months of July and August can be rather canicular, and frequently summer showers can occur.

Ladies' Circle Romania was born in 1992, being a full member within the Ladies' Circle International since 1994. As one of the LCI Officer described, it is a vibrant organisation, with a desire to share the spirit of friendship with no boundaries and kindness towards the less fortunate ones. LC No. 16 Bucharest was born in 2009, godmother club being LC8 Craiova. Now it is the largest club in Romania, formed of 10 wonderful ladies, hard working professionals and mothers whose enthusiasm we hope you will fully experience in 2020, in Bucharest. 3 out of the 10 members are daughters of former LC members and 2 are married to RT members. There's a very good relationship with RT 10 Bucharest, who successfully organized the joint AGM this year with greatest participation from other countries so we feel the host club is solid enough to support the organization of such an event.
