

Apologies I've been travelling for a few weeks and still have upcoming trips before I return to Hong Kong; I had thought these were due in mid - January.

I can provide a nutshell for now I hope that the below helps with your report, but can send more details in the coming weeks if needed:

We have implemented some efficiencies : amongst council as far as roles and responsibilities, with the rest of membership as far as communication and sign-up sheets for dinner meetings and social and community events.

We have just wrapped up our busiest charity month in November with Box Of Hope packing (beat all previous records of boxes packed!) and distribution center delivery /sorting and also we worked together with Rountable HK with Pedal Kart, which is an annual race in HK, and RTHK's biggest fund raiser.

This month, we are coordinating our first ever Kindess Walk (visiting and feeding the homeless) with Round Table.

We've been nominated (and accepted) 2 nominations for Caring Company Awards in Hong Kong, a HK government scheme that officially recognizes us for our charity work.

We rounded up the year with our annual Christmas party, toy charity drive and a gift hamper to the workers at one of our other charities we support, Crossroads.

If any more info is needed, please let me know. Wishing you and your Council all the best for 2019!!!!
