

HALF YEAR REPORT 2018 - 2019

Ladies Circle Romania

First of all, I would like to say that we have had a wonderful first half of the year together. Our first concern is to build and attract new members. We have embarked on a revamped Membership Strategy to re-build our numbers and this has included the commencement of our Social Media Strategy. We are now very active on Facebook, Instagram and the refreshed website.

Here we are at the last AGS in Drobeta Turnu Severin, we had a wonderful time together and we wished that the time stood still.

Following our May AGM, we started our Ladies Circle year with the National Service Project - "Taking the life further", a project that follows from the past project - "A chance to life". This one continues the campaign of awareness and support the struggle for life, the struggle that babies born prematurely take away from the very first moments of life.

I think "A Chance to Life" was a lesson and a victory for everyone, a lesson for all those who have been involved, and above all, an important lesson for LCR. We have learned and demonstrated what we can realize from the moment we decide to join together our forces.

Having the excitement to better change the society we are part of, the previous experience success, the foundation that we are a ladies club and this touches us in a unique way, the perception of giving birth to life, and the motivation that we can do more, we choose to "Take the life further".

Bucharest - Premature incubator is already donated by the LCR to the Maternity Polizu, thanks to the mother project "A Chance to Life"

2. Craiova - The project "Let's Take Life Beyond" in progress

I was very happy about the Ladies Circle Romania representation through a quite large presence at the International Conference that took place in Haugesund, at the end of August. Upon return, they told us about the wonderful moments spent there and about all the new informations.

At the 9th anniversary of LC16 Bucharest we spent with the wonderful ladies of

Sweden from LC16 Fallun and it was amazing.

We have organized various thematic parties to raise funds to support the NSP such as the club from Craiova organized “The ghost from the library” for the Halloween and the club from Bucharest, “Happy children Christmas party”.

And then, in December, just before Christmas, we shared the gifts to the children from the Ologeni community for which we organize each year with the support of the guys from Round Table Romania and Austria.

Warm wishes for the holiday season and a very Happy New Year!

Yours in friendship,

Ruxandra Catana
