

## Report LC-Spain

2.1.19

The year 2018 has been really important to LC Spain. First of all, we got Chartered in Spring 2018. Because last year was very busy, now theme of this year is to have more member to our LC- group and have more fun together. We are still having only one club in Spain: LC-1 Fuengirola.

We had 6 meeting in autumn and we got guests from Sweden and Finland. LC-113 Tidaholm visited us on Sunday 14.10.2018. Anna Ider and others visitors did get us opportunity to get to know new, great people and to learn more about LC. Our Dear Godmother Soja from Finland was visiting us at the same time.

After Chartering in April we decided to treat ourselves a bit and to learn more about other Ladies, network and to meet our neighbour club in dear neighbour country Portugal. So we did. 26-28.10 we travelled by plane/car to Lissabon. We did see Liliana Dias, and other great Ladies. We had a great time in this amazing city. It is really worth visiting!

Last year Chairwoman of LC Spain moved back to Finland and did return her "old" club LC-65 Jyväskylä. Now we have 5 members and it's look like that we going to have few more great ladies in our club in spring. we are a new club and we are still learning things, but the most important thing has been to get our club a new better spirit and we experience that now we really work together and support each other

Best Regards

Katja Laukkanen

President of LC-Spain
