

Half Year Report 2018

Dear **Kenza, Alexandra , Anne , Marieke, Prachi, Criss** and my dear counterparts- **National Presidents**, from all over the world,
First of all, We wish you all a merry Christmas and a happy New Year.

As I gather my thoughts together to pen this report, I realize that half a year has flown by in a jiffy. And what an eventful half year it has been!

This Circling year for **LC Tunisia** started with the **Charter of LC Tunisia n°3**, which eventually culminated in the formation and installation of the first **National Board of LC Tunisia** on July 10. We received very warm greetings from most of you...

The formation of the National Board have revitalized Circling in Tunisia. Our three Circles have now come under a National body and are very well connected with each other and the National Board.

We are looking also for to chart to new clubs in the beginning of 2019!

This year, there has been a focus on helping disadvantaged babies who are subject to ill-treatment or deprived .

Therefore we encourage all the members of our large family to participate with us in the upcoming events.

Thank you for your friendship!

Best wishes for 2019!!

Ines Attigue
LC Tunisia National President
